

Share your story for St Clare

Thank you for taking part in a challenge for St Clare Hospice!

We love to hear about all the exciting and wonderful challenges that people are taking part in on our behalf. What we love even more is sharing these stories so that other people can hear just how amazing people like you are!

It costs over £4 million each year to provide our vital services, and with limited NHS funding, we need to fundraise most of it. Photographs, films and stories are powerful ways of raising money for St Clare Hospice through telling people how we have helped patients and their families during one of the most difficult journeys of their lives. Therefore, we would like to share your story, and photos, to do exactly that.

You should only agree to us using your photo/film/words if you feel completely happy with us doing so. You are under no pressure or obligation to sign.

How will my photo, video or story be used?

- In printed marketing materials (e.g. a leaflet to promote St Clare Hospice)
- On the St Clare website or social media sites (e.g. Facebook)
- In printed and online media (e.g. newspaper, magazines and web articles)
- In our printed or online advertising
- Electronic communications and presentations
- In printed material and online communications published by other relevant organisations (e.g. Hospice UK)

Please tick to give your consent

I understand that once my photos, videos and words are published and in circulation, these may be copied and used by others.

I also understand that while St Clare Hospice makes every effort to ensure all media coverage is positive, it does not have final control over how a journalist may portray me.

Photographs: If you could provide us with a photograph of yourself that you are happy for us to use that would be fantastic. This could be a photo of you with the person you are taking part in the challenge for, or perhaps a picture of you training for your challenge!
